Report of Independent Auditor

The Board of Trustees
The General Board of Church and Society of
The United Methodist Church

The Committee on Audit and Review of the
General Council on Finance and Administration of
The United Methodist Church

We have audited the accompanying financial statements of the General Board of Church and Society of The United Methodist Church (a non-profit organization), which comprise the statements of financial position as of December 31, 2020 and 2019, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly in all material respects the financial position of the General Board of Church and Society of The United Methodist Church as of December 31, 2020 and 2019, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

GENERAL BOARD OF CHURCH AND SOCIETY OF THE UNITED METHODIST CHURCH

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2020 AND 2019

Note 1—Nature of the organization

The General Board of Church and Society (the “Board”) is a general agency of The United Methodist Church (the “Church”) and is a not-for-profit organization incorporated in the District of Columbia. The primary objective of the Board is to establish programs to analyze social concerns and to develop Christian lines of action in relation thereto in keeping with the objectives of the Church.

Funding for the Board’s projects is principally provided by allocations received from the General Funds of the Church based on a four-year budget developed from projections of expected programs costs. The allocation accounts for 30% and 29% of the Board’s total revenue during the years ended December 31, 2020 and 2019, respectively. In addition, rental income and investment earnings from the Board’s assets provide significant resources to enable the Board to carry out its mission. The Board’s continued existence is partially dependent upon the Church’s future financial support. The Church’s financial support of the Board is dependent upon contributions from the congregations (i.e., congregational participation in the apportionment covenant).

Assets of the Board include the United Methodist Building, located in the District of Columbia. Tenants of the United Methodist Building include the Board, various other not-for-profit organizations which lease office space, and individuals who lease apartment units.

Note 2—Summary of significant accounting policies

The financial statements of the Board have been prepared on the accrual basis of accounting. The Board’s significant accounting policies are described below.

Basis of Presentation – The Board maintains its accounts internally in accordance with the principles and practices of fund accounting. Fund accounting is the procedure by which resources for various purposes are classified into funds that are in accordance with activities or objectives of the Board. Separate accounts are maintained for each fund.

For reporting purposes, however, the Board’s financial statements have been prepared to focus on the organization as a whole. Resources are classified into two net asset categories based on the existence or absence of donor-imposed restrictions. Accordingly, the net assets of the Board and changes therein are classified and reported as follows:

Net Assets Without Donor Restrictions – Net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of the Board. These net assets may be used at the discretion of the Board’s management and the board of directors. The Board has chosen to provide further classification information about net assets without donor restrictions on the statements of financial position. The sub classifications are as follows:

Invested in Property and Equipment – Represents net assets invested in property and equipment, net of accumulated depreciation and endowed real property.

Board-Designated – Represents resources set aside by the board of directors to be used for specific activities within guidelines established by the Board.

Undesignated – Represents the cumulative net assets without donor restrictions excluding those net assets invested in property and equipment and designated for specific activities.

**GENERAL BOARD OF CHURCH AND SOCIETY OF
THE UNITED METHODIST CHURCH
NOTES TO THE FINANCIAL STATEMENTS**

DECEMBER 31, 2020 AND 2019

Note 2—Summary of significant accounting policies (continued)

Net Assets With Donor Restrictions – Net assets subject to stipulations imposed by donors and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of the Board or by passage of time. Other donor restrictions are perpetual in nature, whereby the donor has stipulated the funds be maintained in perpetuity.

Revenue is reported as increases in net assets without donor restrictions unless use of the related assets is limited by donor-imposed restrictions. Expenses are reported as decreases in net assets without donor restrictions. Gains and losses on investments and other assets or liabilities are reported as increases or decreases in net assets without donor restrictions unless their use is restricted by explicit donor stipulation or by law. Expirations of temporary restrictions on net assets are reported as reclassifications from net assets with donor restrictions to net assets without donor restrictions.

Allocation from World Service Fund – The World Service Fund (the “Fund”) is the basic benevolence fund of the Church. The Fund makes annual allocations to support the activities of the various organizations of the Church. Such amounts are recognized as revenue in the accompanying financial statements in the period for which the allocation is made. Certain World Service Funds are reported as with donor restrictions, if the restrictions placed on them by General Conference are more specific than the broad limits of its mission as described in the Book of Discipline. The Accrued World Service Fund Allocation represents the apportionment income recorded as income for December that will be credited to the Board’s portion of the General Council on Finance and Administration (“GCFA”) short-term pooled investment fund the following month.

Cash and Cash Equivalents – For the purpose of reporting cash flows, the Board considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents.

The Board places its cash and cash equivalents on deposit with financial institutions in the United States. The Federal Deposit Insurance Corporation covers \$250,000 for substantially all depository accounts. The Board from time to time may have amounts on deposit in excess of insured limits. As of December 31, 2020 and 2019, the Board did not exceed this amount.

Due from GCFA Short-Term Pooled Investment Fund – The amounts presented as due from GCFA short-term pooled investment fund in the accompanying financial statements represent the Board’s portion of the short-term investment portfolio managed by GCFA on behalf of certain agencies and related organizations of the Church. The amount due from this fund effectively represents the amount of cash deposits that are available to the Board to be disbursed out of GCFA’s centralized cash management system. Since these deposits are legally invested in GCFA’s name and not in a separate demand account in the Board’s name, they are not classified as cash and cash equivalents, but rather are considered an amount due from GCFA. The short-term investment portfolio includes funds invested in demand deposits, corporate bonds, taxable municipal bonds, mutual funds, and notes from other United Methodist organizations. GCFA allocates interest earned on the portfolio to the participating entities. For the years ended December 31, 2020 and 2019, GCFA allocated \$39,064 and \$41,616, respectively, of interest income to the Board which is reported in other revenues in the statements of activities. While interest income can be earned based on the performance of the pooled investment funds, the Board believes there is little to no risk exposure to losses due to the relationship with GCFA and policy under which the pooled funds are invested. The operating cash requirements of the general agencies are centrally managed by GCFA.

**GENERAL BOARD OF CHURCH AND SOCIETY OF
THE UNITED METHODIST CHURCH
NOTES TO THE FINANCIAL STATEMENTS**

DECEMBER 31, 2020 AND 2019

Note 2—Summary of significant accounting policies (continued)

When an agency has surplus funds, they are invested by GCFA in the short-term pooled investment fund. GCFA allocates interest earned to the agencies invested in the pool based upon their pro rata share of the pool on a monthly basis. The overall return for the short-term pooled investment fund for the years ended December 31, 2020 and 2019 was 3.63% and 4.17%, respectively. The overall rate of return for each agency may vary due to fluctuating balances throughout the year and the timing of investment gains and losses.

The allocation of funds in the GCFA short-term investment pool as of December 31, 2020 and 2019 were as follows:

	<u>2020</u>	<u>2019</u>
Texas Methodist Foundation loan fund	28.3%	18.4%
Mutual funds	13.2%	2.4%
Short-term collateralized loan fund	3.5%	0.4%
Fixed income	9.8%	15.1%
Corporate bonds	34.0%	46.1%
Cash	<u>11.2%</u>	<u>17.6%</u>
	<u>100.0%</u>	<u>100.0%</u>

Accounts Receivable – Accounts receivable primarily consists of amounts due relating to rent that had not yet been collected, and are reported at the amount management expects to collect from balances outstanding. Differences between the balances outstanding and the amounts management expects to collect are reported as a reduction of net assets in the year in which those differences are determined, with an offsetting entry to the allowance for doubtful accounts. Balances that are still outstanding after management has used reasonable collection efforts are written off through bad debt expense.

Investments and Investment Earnings – Investments in debt and equity securities with a readily determinable market value are reported at fair value with gains and losses included in the statements of activities based on quotations obtained from national securities exchanges. Cash equivalent funds held by the investment manager are not considered cash equivalents for purposes of the statements of cash flows.

The Board’s investment portfolios were established for the purposes of supporting the programs of the Board to carry out the missions as defined in the Book of Discipline and to maintain the physical plant of the Board. Consistent with that purpose, the goal of investing the portfolios assets is to provide current funding to the Board defined by the spending policy, while preserving the purchasing power of the funds held for future expenditure. The Board has adopted the total return concept in allocating investment income. The Board has designated the income from a portion of its investment portfolio that represent funds without donor restrictions to support operations. In accordance with the Board’s total return objective, an amount equal to 5% of a three-year rolling average of total fair market value of this portion is in the form of an investment payout. If investment income received (i.e., interest and dividends) is not sufficient to support the total return objective, the balance is provided from realized gains. If investment income is received in excess of the objective, the excess is reinvested.

Property and Equipment – Property and equipment assets are carried at original cost or estimated fair value at date of donation, if donated. Depreciation is computed on a straight-line basis over estimated useful lives of 37.5 years for major building renovations and 10 to 20 years for minor building improvements, furniture, and equipment. Tenant improvements are amortized over the term of the related lease.

**GENERAL BOARD OF CHURCH AND SOCIETY OF
THE UNITED METHODIST CHURCH
NOTES TO THE FINANCIAL STATEMENTS**

DECEMBER 31, 2020 AND 2019

Note 2—Summary of significant accounting policies (continued)

Financial Instruments – Assets recorded at fair value in the statements of financial position are categorized based on the level of judgment associated with the inputs used to measure their fair value. Level inputs, as defined by Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) 820, *Fair Value Measurements and Disclosures* are as follows:

Level 1 – Values are unadjusted quoted prices for identical assets in active markets accessible at the measurement date.

Level 2 – Inputs include quoted prices for similar assets in active markets, quoted prices from those willing to trade in markets that are not active, or other inputs that are observable or can be corroborated by market data for the term of the instrument. Such inputs include market interest rates and volatilities, spreads, and yield curves.

Level 3 – Certain inputs are unobservable (supported by little or no market activity) and significant to the fair value measurement. Unobservable inputs reflect the Board’s best estimate of what hypothetical market participants would use to determine a transaction price for the asset or liability at the reporting date.

Contributions – Contributions are recognized when cash, other assets, or an unconditional promise to give is received. Conditional promise to give, that is, those with a measurable performance or other barrier and a right of return of right of release are not recognized until the conditions on which they depend have been substantially met. Contributions of assets other than cash are recorded at their estimated fair value.

Grant Commitments – Conditional revocable grants are awarded to support various organizations such as Ethnic Local Church, Peace with Justice, Human Relations Day, and Central Conference. Grants awarded are charged to program expense as grant requirements are met. When the recipient of a conditional grant has met all the requirements, the grant becomes unconditional and grant expense is recognized. At December 31, 2020, grants payable totaled \$94,400, and are recorded in accounts payable and accrued expenses in the statements of financial position.

Program Services – The Board completes a programmatic evaluation each quadrennium. The Board’s board of directors determine the direction for programming based on assignments by General Conference, constituent surveys, and assessed needs. These “prioritized” programs change over time and each quadrennium, the Board’s board of directors determine what those changes are.

Services Received from Personnel of an Affiliate – Services received from personnel of an affiliate for which the affiliate does not charge the Board have been measured at the cost recognized by the affiliate in providing those services. The revenue and expense relating to those services received are presented in Note 14 and totaled \$21,969 and \$29,947 for the years ended December 31, 2020 and 2019, respectively.

Functional Expenses – The costs of providing program and other activities have been summarized on a functional basis in the statements of activities and functional expenses. Accordingly, certain costs have been allocated among program services and supporting services benefited. Such allocations are determined by management on an equitable basis.

The expenses that are allocated include the following:

<u>Expense</u>	<u>Method of Allocation</u>
Rent and Occupancy	Department’s percentage of total annual payroll

Note 2—Summary of significant accounting policies (continued)

Income Taxes – The Board is covered under GCFA's group determination letter from the Internal Revenue Service indicating that it is a nonprofit corporation and, except for taxes pertaining to unrelated business income, is exempt from federal and state income taxes under Section 501(c)(3) of the Internal Revenue Code. The Board had no significant unrelated business income during the years ended December 31, 2020 and 2019.

The Board accounts for the effect of any uncertain tax positions based on a more likely than not threshold to the recognition of the tax positions being sustained based on the technical merits of the position under examination by the applicable taxing authority. If a tax position or positions are deemed to result in uncertainties of those positions, the unrecognized tax benefit is estimated based on a cumulative probability assessment that aggregates the estimated tax liability for all uncertain tax positions.

Tax positions for the Board include, but are not limited to, the tax-exempt status and determination of whether income is subject to unrelated business income tax; however, the Board has determined that such tax positions do not result in an uncertainty requiring recognition.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and judgments that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expense during the reporting period. Actual results could differ from those estimates.

Upcoming Pronouncements – In September 2020, FASB issued ASU 2020-07, *Presentation and Disclosures by Not-for-Profit Entities for Contributed Nonfinancial Assets*. The standard requires presentation of contributed nonfinancial assets as a separate line item in the statement of activities, apart from contributions of cash and other financial assets. It also requires a disclosure of disaggregated contributions of nonfinancial assets by category that depicts the type of contributed nonfinancial assets. This distinction will increase transparency of contributions recognized. This standard will be effective for fiscal years beginning after June 15, 2021. Management is currently evaluating the impact the pending adoption will have on the Board's financial statements.

In February 2016, FASB issued ASU 2016-02, *Leases (Topic 842)*. The guidance in this ASU supersedes the leasing guidance in Topic 840, *Leases*. Under the new guidance, lessees are required to recognize lease assets and lease liabilities on the statements of financial position for all leases with terms longer than 12 months. Leases will be classified as either finance or operating, with classifications affecting the pattern of expense recognition in the statements of activities. A modified retrospective transition approach is required for lessees for capital and operating leases existing at, or entered into after, the beginning of the earliest comparative period presented in the financial statements, with certain practical expedients available. This standard is effective for the year ended December 31, 2022. Management is currently evaluating the impact of this standard on the Board's financial statements.

Financial assets available to meet general expenditures within one year	<u>\$ 2,611,942</u>	<u>\$ 1,492,019</u>

The Board considers general expenditures to include program expenses, supporting services, and any commitments or liabilities to be paid in the subsequent year. The Board has certain assets limited to use for donor-restricted purposes. Additionally, board-designated assets are designated for future operating and capital expenditures. These assets limited to use, which are more fully described in Notes 9 and 10 are not available for general expenditure within the next year. However, the board-designated amounts could be made available, if necessary.

As part of the Boards liquidity management plan, cash in excess of daily requirements are invested in GCFA's short-term pooled investment fund and the Board's general investment pool held by a financial institution.

Note 4—Accounts receivable

Accounts receivable at December 31, 2020 and 2019 are as follows:

Note 6—Fair value measurement (continued)

For entities that calculate net asset value (“NAV”) per share (or its equivalent), the following table provides information about the probability of investments being sold at amounts different from NAV per share for the year ended December 31, 2020:

	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
UMC Foundation Balanced Plus Fund ^(*)	\$ 450,806	none	Daily	3 Days

(*)The UMC Foundation investment is within the Balanced Plus Fund. The objective of the Balanced Fund is to provide a reasonable level of current income and, simultaneously, to protect the purchasing power of the principal against inflation. The targeted allocation of the fund is 30% invested in a fixed income fund, 25% in a domestic large capitalization equity portfolio, 10% in a domestic small/mid-capitalization equity portfolio, 15% in an international equity portfolio, and 20% in alternative investments consisting of funds of hedge funds and managed futures portfolios. This fund is designed for those investors who are seeking a single fund to provide broad diversification, reasonable current income, and protection against inflation.

Note 7—Property and equipment

Property and equipment assets consist of the following at December 31:

	<u>2020</u>	<u>2019</u>
Land	\$ 183,038	\$ 183,038
Building and improvements	15,482,915	15,106,101

NOTES TO THE FINANCIAL STATEMENTS**

DECEMBER 31, 2020 AND 2019

Note 8—Paycheck Protection Program

The Board received a Paycheck Protection Program loan (“PPP”) in the amount of \$486,638. The PPP loan is granted by the Small Business Administration under the Coronavirus Aid, Relief, and Economic Security Act (“CARES Act”). PPP loans are considered conditional contributions under ASC 958-605, *Not-for-Profit Entities – Revenue Recognition*. The loan must be repaid if the Board does not overcome certain barriers within the CARES Act. The barriers under the program include the requirement to maintain employee headcount, spend up to 60% of the loan proceeds on certain payroll and employee benefits, and restricts other loan proceeds to be used for other qualifying expenses such as mortgage interest, rent, and utilities. The Board believes it has not substantially met all barriers for full loan forgiveness yet and, therefore, has recorded the receipt of the funds as deferred revenue in the statement of financial position.

Note 9—Net assets with donor restrictions

Net assets with donor restrictions at December 31, 2020 and 2019 have been restricted by the donors for the following purpose restrictions:

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2020 AND 2019

Note 10—Board-designated net assets

Certain net assets without donor restrictions at December 31, 2020 and 2019 have been designated by the board of directors for varying purposes.

The board-designated endowment was established by the board of directors and its purpose and use are more fully described in Note 11.

The building maintenance fund represents funded depreciation, where the amount of annual depreciation is appropriated from operations for future capital expenditures of the Board.

The board-designated for programs are funds, such as the Emerging Issues Fund, set up by the board of directors for specific and periodic needs that may arise and are directed to be used for ministry program needs including advocacy.

Note 11—Endowments

The Board's endowments consist of 2 individual funds established by donors to provide annual funding for specific activities and general operations: (1) the Methodist Building Endowment Fund and (2) the Social Justice Endowment Fund. The Board's endowments also include certain net assets without donor restrictions that have been designated for endowment by the board of directors.

The Methodist Building Endowment Fund (the "Fund") was created by the Fund's Trust Agreement (the "Trust"), from the Division of Alcohol Problems and General Welfare of the Board of Christian Social Concerns of the Methodist Church, and from the Board of Temperance, Prohibition, and Public Morals of the Methodist Episcopal Church. The Trust permanently restricts the use of the Fund's corpus, and requires that income generated by the corpus be used for building operations, alterations, repairs, improvements, and to support programs addressing problems involving alcohol, public morals, gambling, drug abuse, and general welfare.

The Social Justice Ministries Endowment Fund (the "Social Justice Fund") represents resources received from donors that must be invested into perpetuity. The investment returns earned from the investments of the Social Justice Fund will be available to the Board to use for any purpose consistent with its ministries to respond to the Christian social concerns of the day. The Social Justice Fund is invested in the UMC Foundation's Balanced Plus Fund. The UMC Foundation has established, for accounting purposes, an initial unit value for an accounting unit of the participants' accounts based on the participants' net assets divided by the unit value. At all times, the total value of the participants' net assets, divided by the total of all participants' units, will equal the unit value. The unit value of the net assets is determined on each business day.

The Board's management has long interpreted its work on public policy as well as its efforts to communicate that work to its constituents and resource local congregations to affect public policy change as fitting under the categories of "public morals" and "general welfare" for Trust Fund purposes. Specifically, management believes the work it performs in all core programs of the Board meets the "public morals" and "general welfare" descriptions above. This would include the following core programs: Public Witness and Advocacy, Education and Leadership Formation, Communications, Resource Production, United Nations Office, and the program-related portion of the General Secretary's Office. This policy is based on a legal opinion obtained by the Board in 1975 and was upheld in a ruling of the Superior Court of the District of Columbia on October 6, 2010.

**GENERAL BOARD OF CHURCH AND SOCIETY OF
THE UNITED METHODIST CHURCH
NOTES TO THE FINANCIAL STATEMENTS**

DECEMBER 31, 2020 AND 2019

Note 11—Endowments (continued)

The Board's management has interpreted the Uniform Prudent Management of Institutional Funds Act ("UPMIFA") as requiring the preservation of the fair value of the original gift date of the donor restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Board classifies as donor-restricted net assets (a) the original value of gifts donated to the endowment, (b) the original value of subsequent gifts to the endowment, and (c) accumulations to the endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the endowment.

In accordance with applicable state laws, the Board considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- The duration and preservation of the fund
- The purposes of the donor-restricted endowment fund
- General economic conditions
- The possible effect of inflation and deflation
- The expected total return from income and the appreciation of investments
- Other resources of the Board
- The investment policies of the Board

As of December 31, 2020 and 2019, the Board had the following endowment net asset composition by type of fund:

	December 31, 2020		
	Without Donor Restrictions	With Donor Restrictions	Total

Underwater Endowment Funds – From time to time, the fair value of assets associated with individual donor restricted endowment funds may fall below the level that the donor or the applicable state law requires the Board to retain as a fund of perpetual duration (underwater endowments). The Board has interpreted UPMIFA to permit spending from underwater endowments in accordance with prudent measures required under law. There were no underwater endowments as of December 31, 2020 or 2019.

Return Objectives and Risk Parameters – The Board has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowments while seeking to maintain the purchasing power of the endowment assets. Under this policy, as approved by the board of directors, the endowment assets of the Board, which are in liquid assets, are invested with an unrelated financial institution and the UMC Foundation.

Strategies Employed for Achieving Objectives – To satisfy its long-term rate-of-return objectives, the Board relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The Board targets a diversified asset allocation that places a greater emphasis on equity-based investments to achieve its long-term return objectives within prudent risk constraints.

Spending Policy and How the Investment Objectives Relate to Spending Policy – The Board has adopted a distribution policy of 5% of a three-year rolling average of the total fair market value of an endowment fund, including those endowments deemed to be underwater. If investment income received (i.e., interest and dividends) is not sufficient to support the total return objective, the balance is provided from realized gains. If investment income is received in excess of the objective, the balance is reinvested.

**GENERAL BOARD OF CHURCH AND SOCIETY OF
THE UNITED METHODIST CHURCH**
NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2020 AND 2019

Note 12—Employee benefits

Retirement Benefits – Full-time laypersons and clergy employed by the Board participate in the Retirement Plan for General Agencies (RPGA). This defined contribution plan is administered by Wespath Benefits and Investments (“Wespath”).

The Board makes semi-monthly contributions to each eligible employee’s account held by Wespath based on 8% of annual employee compensation. Additionally, GCFA matches United Methodist Personal Investment Plan (UMPIP) before-tax and/or after tax contributions up to 2% of each eligible employee’s compensation. Total contributions made by GCFA during the years ended December 31, 2020 and 2019 were \$200,057 and \$223,236, respectively.

Health Care and Life Insurance Benefits – The General Agencies of The United Methodist Church Benefit Plan (the “Plan”), which qualifies for treatment as a multiemployer plan under ASC 715, *Compensation – Retirement Benefits*, provides medical, dental, life, and long- and short-term disability defined benefits to participants of the 11 general agencies, all Bishops covered by the Episcopal Fund, and employees of other United Methodist related organizations. Effective January 1, 2004, Plan amendments were made to change the retiree benefits offered and increase the related premiums paid by retirees.

The Board provides health, dental, life, and other employee benefits for its active employees and health, dental, and life benefits to non-Medicare eligible retirees through the Plan. Retirees who are Medicare eligible, and who elect to enroll, are eligible for a Health Reimbursement Account up to \$2,100 annually and \$2,000 annually for their spouse, if applicable. Unused reimbursement funds continue to roll-over to subsequent years until death of the retiree or their spouse, whichever is later.

All of the Board’s active employees are covered by the Plan. The cost of the benefits is recognized as expenses as premiums are paid. The total cost of benefits for active employees was \$253,372 and \$261,878 during the years ended December 31, 2020 and 2019, respectively, exclusive of reimbursement from the General Agency Benefit Trust (“Benefit Trust”). The cost of benefits for retired employees was \$47,628 and \$33,219 in 2020 and 2019, respectively, exclusive of reimbursement from the Benefit Trust.

The Plan’s unfunded accumulated postretirement benefit obligation was approximately \$71,430,000 and \$76,725,000 and the Plan’s unfunded expected postretirement benefit obligation (“EPBO”) was approximately \$100,140,000 and \$106,750,000 as of December 31, 2020 and 2019, respectively.

Wespath has transferred certain excess pension assets to the Benefit Trust established by the 1996 General Conference. Annually, the Benefit Trust allows a stated percentage, not to exceed 6% for 2020 and 2019, of the fair value of the Benefit Trust’s assets at year-end for which GCFA is the beneficiary to be available for distribution in the subsequent year in order to reimburse the participating agencies, through GCFA, for their funding of active and retired employee benefits. The fair value of the Benefit Trust’s assets (not plan assets) for which GCFA is the beneficiary was approximately \$186,112,000 and \$167,449,000 as of December 31, 2020 and 2019, respectively. The total amount available for reimbursement during the years ended December 31, 2020 and 2019 was \$10,046,935 and \$8,797,702, respectively, of which the Board’s share, including retiree health benefits, was \$314,045 and \$259,149 during the years ended December 31, 2020 and 2019, respectively.

Note 15—Contingency

During 2020, an outbreak of a novel strain on coronavirus (“COVID-19”) emerged globally. As a result of the spread of COVID-19, economic uncertainties have arisen that could negatively impact the Board’s revenue and operations for an indeterminable time period. Other financial impacts could occur that are unknown at this time.

The Protocol of Reconciliation and Grace through Separation was introduced as legislation in early 2020 for the upcoming General Conference. This joins other legislative proposals that if adopted by the General Conference would provide an alternative way for churches to separate from the Church. These proposals include a provision for new denominations to receive financial payments from the Church and retain their real estate. The scheduled General Conference has been delayed until 2022, and the financial impact resulting from these potential separations on the Board is unknown at this time.
