

INDEX OF TOPICS

The Index of Topics below is a quick way to find the Social Principles subject by identifying the page number in the newly adopted Social Principles booklet. The UMC Resolutions listed without a Social Principles page number were newly adopted at the 2024 General Conference, Charlotte.

The newly adopted Social Principles address global social concerns, reflecting the diverse contexts of the worldwide church. Thousands of United Methodists with different backgrounds from around the world, offered input to recognize their context as well as the contexts of other communities across the connection, fostering a common language and understanding that strengthens relationships and social witness. The Book of Resolutions contains specific policy statements tailored to particular locations and contexts.
